

Do you think there is a need for improved transit downtown? Why?

According to the Purpose and Need Statement for the Downtown Corridor Alternatives Analysis, *"The purpose of the project is to provide an attractive transit option that will more conveniently connect people and places within the downtown corridor, and support regional and city efforts to develop downtown Kansas City and the downtown corridor as a more attractive and successful urban center... The project is needed to help the downtown corridor **connect, develop, thrive, and sustain.**"*

Do you agree with the statement? If yes, why? If not, why?

Which mode of transportation, such as the modern streetcar or bus with a dedicated travel lane, do you prefer most for the downtown corridor? Why?

Which alignment alternative do you prefer most for the downtown corridor? Why?

What other comments or questions do you have?
